

## **Professional Statement for Cybersecurity Job Applications**

As a recent BSc Computer Science graduate with a strong academic foundation and industry experience, I am passionate about advancing a career in cybersecurity. My academic journey has honed my skills in algorithms, data structures, artificial intelligence, and web information processing, while my hands-on experience as a Graduate Data Engineer has strengthened my ability to automate processes, analyze complex datasets, and ensure data integrity.

I hold certifications in cybersecurity fundamentals from leading institutions such as the University of Maryland and possess technical expertise in Python, SQL, Power BI, and Azure. My ability to solve problems creatively, manage risks, and adapt to emerging technologies enables me to tackle the challenges of safeguarding systems and data. I am eager to apply my skills to protect digital environments, prevent vulnerabilities, and contribute to organizational resilience.

With a proactive mindset and a passion for learning, I am ready to bring my technical acumen and enthusiasm to the cybersecurity field.
